CELEBRATE THIS ONE DAY!

My experience at the Kiwanis One Day was better than I expected.

Although it had it's-not-so-exciting moments, I still had an amazing time at the event with our division, our sister division and the Kiwanians!

Getting to see everyone happy with their awards was a very heartwarming feeling and I could not have asked for a better way to spend my weekend.

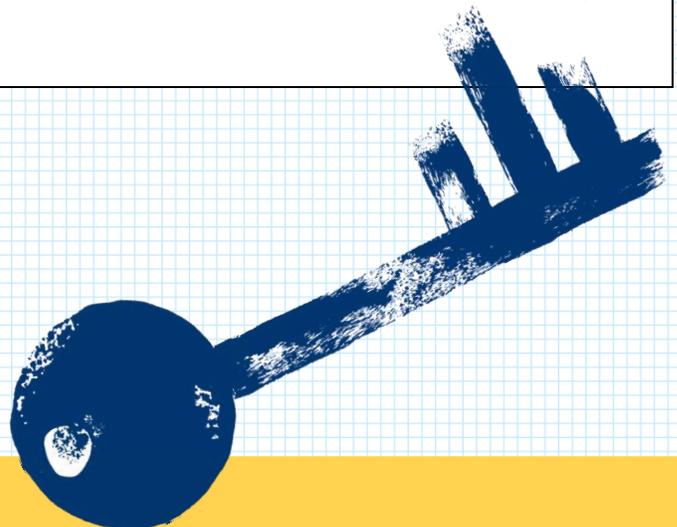

HAPPY BIRTHDAY, CLUB OF THE MONTH

During the April DCM, we were announced as CLUB OF THE MONTH! As a club, we have been connecting with our West Covina Kiwanians and this was one of the reasons why we received this award!

Not only did we receive this amazing award near the start of our term, we turned a year old again this month! Our birthday was on April 28th, also the date of our weekly Tuesday meeting.

So, happy birthday to all our beautiful members and former members who shaped this club to what it is today!

ADOPT-A-PARK WITH A TWIST

Our club kicked off the new month of April by gathering up at Cameron Park and cleaning the grass, the playground and the bushes up.

The park got all sparkled up with the help of our wonderful *West Covina Kiwanis*, and the *Baldwin Park and West Covina KC Members*! Just within an hour, the park had gone through a drastic difference! From the thorough cleaning, it seemed like a completely different park (Alright, maybe not completely, but the members did a great job)!

However, this traditional Adopt-A-Park is not just any park clean-up! Right after the beautifying, all the Key Club members got to meet different people and play some exciting ice breakers!

Our members, with the help of the activities, got to know the other clubs a bit better! Overall, the 2-in-1 experience was amazing!

UPDATED

SOCIAL HOUR

As mentioned in the previous newsletter, Sierra Vista's Key Club Board hopes to continue communicating with their Buddy Clubs as well as the Kiwanis to develop, organize ideas, and hear out everyone's opinions and thoughts! And turns out, we did again this month!

In the middle of the school's spring break, our board members and the Baldwin Park board joined the Kiwanians Club for their meeting and breakfast on April 7th. Many events and ideas were discussed and the Kiwanians also brought a guest of honor to speak to all of us.

We also received delightful rewards for coming, such as a pin from the Kiwanis LTG Mahmood Bashir (which we thank him and our fellow Kiwanians for buying it for us) and an Organ-based CD we got from the guest.

WALK FOR AUTISM

The month of April definitely had great weather. With no surprise, the temperature at Walk for Autism was too!

Our members woke up and drove before the crack of dawn and signed in to volunteer! Our club got to register people into the walk at the registration center. At first it was simple, but before and after the walk, it got very crazy. Luckily, we had many other people working at the place so it wasn't too difficult.

There were also pretty fun and inspirational people working there with our members as well!

"It was really fun meeting new people and helping people register in."

- Vanessa Duong

Marching? Oh, Baby!

Honestly, March for Babies was a blast and I had a great time!

During the whole event, some of our members were cheering walkers while they cross the finish line. While the others, they helped in the children's booth. I thought it was so exciting, seeing how the kids reacted when they "fished" for prizes and all that good stuff.

They also handed out free cotton candy, popcorn, and even snow cones! This event actually had us all feeling like little kids all over again (even though we still are on the inside). By the end of the day, as a closure, we helped put up the chairs and lastly, we picked up trash to revamp the location a bit.

It was an amazing way to spend my weekend!

ARBOR DAY

For the most part, I was enthralled that our community was able to give back to Mother Nature.

It was nice to know that people volunteered to put up/down tents, throw away trash, and hand out free mulch. It showed how much, or mulch if I can say, we care for our planet even through small acts of kindness.

This was also the first time that Key Club and the California Scholarship Federation Club interacted together, so that day was very special to me. I hope in the future we will be able to collaborate with them more.

- Marjorie Llanera, Treasurer

On Arbor Day, which was the on the same day as March For Babies, the Sierra Vista Key Club (as well as the Sierra Vista CSF Club and Baldwin Park Key Club) helped set up chairs, tents and tables, and clean Morgan Park which held a great event for this day. Our members even helped supervise the Arts and Crafts table and helped the entertaining clown with his activities for the children.
