

KEY CLUB®

Sierra Vista High School

March is the month of a new term, which means a new beginning. A new beginning with a new wonderful board! As we congratulate our new officers, we bid farewell to our past board, missing them every second.

FRESH TERM, FRESH SERVICE

As the 2014-2015 comes to an end, some of our members are kicking it off by celebrating the end with a big bang at DCON! HUGE thanks to Jolene, Nathan, Cameron and Jason for attending DCON and sharing their experiences with our club!

Munch on some of our ex-Secretary and current Vice President Jason Terrazas's words on his experience:

“DICON. It was an amazing and inspirational event that I was able to experience. To stand alongside not only with my club, division, and region, but alongside my district, opened my eyes to a new light. A light that now shines down upon the parts of key club that I didn't know were existent. Thank you to everyone that has inspired me and shaped in into the person that I am today. When I first entered high school, I was embarrassed to accept who I was, but now I am proud to say that I am Jason Terrazas. #celebrateCNH #CNHBees”

IN-DEPTH DCON

This 69th Annual District Convention (DCON) was certainly a weekend to remember!

Our club got awarded

- *Club Secretary District Tree*
- *Achieved Increased Membership*

Let's not also forget that awards were passed on to our district as well!

Our district got awarded

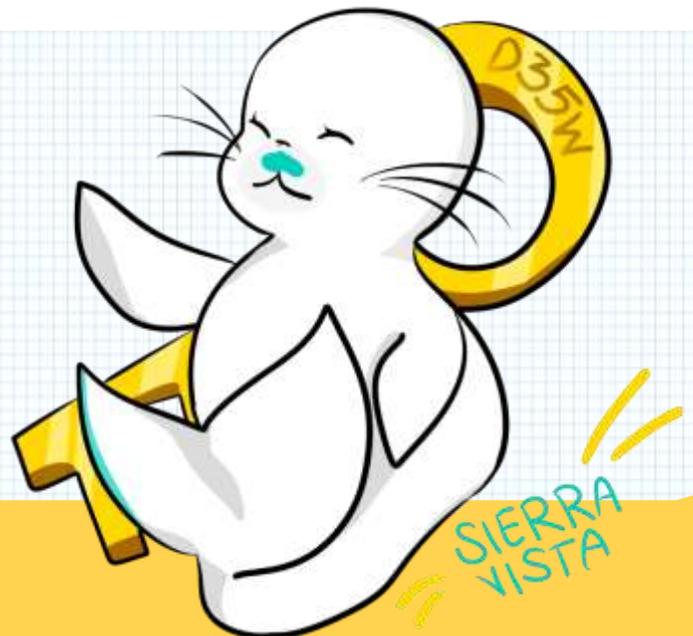

- *Most MNT Funds*

BOXES FOR TROOPS

"We had the opportunity to help put everyday necessities into boxes. These boxes were then prepared to be sent off to troops. After we finished, the Kiwanians of 35W had their DCM with a guest, John Button."

- Cameron Cuadro, President

LA

MARATHON & ADOPT-A- PARK

While others who did not attend DCON, some decided to get busy and help runners on a special marathon, *THE LA MARATHON*! It was a challenge to wake up early in the morning, especially with the earlier time change, but our key clubbers were dedicated and drove an hour towards Water Station 24 located at Santa Monica Beach! Our lovely members got to work and finished preparing the cups of water to hand out to the dedicated runners!

Our 2015-2016 Secretary Rebecca Nhan shares her thoughts on the marathon:

“Why stay home and watch a Netflix marathon, when you can volunteer at LA marathon? LA marathon was a great experience to remember. It was extremely hot, but

anything to serve our community. The feeling you get when runners say thank you for volunteering is always a great feeling. The runners loved when we key clubbers cheered them on. I'm so thankful this opportunity we had.”

Full of laughs and services, our key club members helped the marathon's runners with a total of 39 hours to quench and freshen up and run all speed ahead.

GET REFRESHED!

SOCIAL HOUR

The new term has just started and our club has so many ideas in store for the new year. But to make all of them work, we need help from different key clubs!

The new Sierra Vista Board decided to carry out an exclusive interaction with one of our buddy clubs by having a board social at a local BOBA hangout! Our guest? With no doubt, our beloved next door neighbor, Baldwin Park High School Key Club's 2015-2016 Board attended!

The social was definitely a blast. The board members were busy chatting on TWO hours about future events, plans, exciting new services and events! Each board even got to know more about each other.

Our board hopes to keep communicating with our buddy clubs throughout the whole term and having socials every few months to develop and organize ideas.

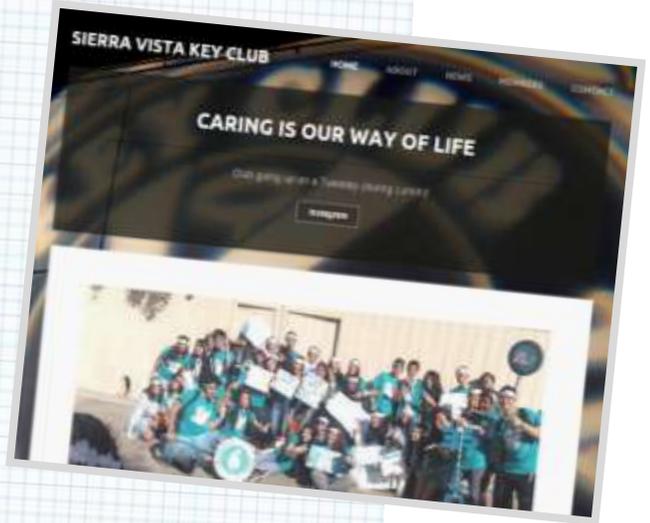

CNH KEY CLUB | HIGHLIGHT

NEW WEBSITE

Our definite highlight would have to be the new website our Key Club has put up! Our website has been developing since the middle of March and has been opened and released to the public on March 31st!

The website includes a gallery with photos from our recent events and services, a news page to get everyone updated on everything upcoming, a contact page to ask for hours and other key club related questions, and last but not least, a members page that includes amazing and helpful links and etc. such as the link to the Division Google Group or our Facebook Page!

SVKEYCLUB.WEBBLY.COM

Also, we made an Instagram!
Follow us @thesvkeyclub!

PLARNING FOR LIFE

Our division, D35W, finally got in action with our first DCM of the term! At this DCM, we discussed our events and services for the month of March! However, before we even got started, our DLT opened the DCM with an icebreaker! *Austin Ly*, our new LTG, did excellent in hosting and leading this event. Those who attended also got a surprise at the end from Austin, donuts!

Right after the DCM ended, all the members got started in cutting and weaving to make Plarn. **What is Plarn?** It is plastic bags manipulated into yarn (hence the name)! This plarn is then sent to a

company which turns it into mats and blankets that third world countries use to prevent *Maternal Neonatal Tetanus*.

It's amazing what plastic bags can do!
